## Editorial

How can we reassure, support, help and accompany our international patients? Such have been the daily questions raised during the sanitary crisis of Spring 2020.

And, if what we did before is what we'll do tomorrow.

Perhaps differently, still with the conviction that caring is above all a human and collective adventure.

Jérôme Soistier, *President C3Medical*

## Remain present and adapt to the extreme circumstances

Listen, share, humanity. Spring 2020 will remain for our patients, as it will for us, a period of reactivity, adaptation and coordination. A period in which our keywords were: emergency, listen, share, humanity.

## Care pathways under COVID-19

Although the precautionary sanitary measures in place within C3Medical's partner hospitals differ slightly from each other, they all have one objective in common: offer the best care pathway under the best health safety conditions and to do everything possible to save lives.
